EDUCATION AND LICENSURE

Ph.D., Speech & Hearing Science, Graduate Center, CUNY	10/85
CCC/SPL	12/84
M.S., Linguistics, M.I.T.	06/81
B.A., English Literature, Barnard College	06/80

APPOINTMENTS AND HONORS

Professor, Department of Hearing and Speech Sciences, University of MD, 2016-present
Associate Director, Language Sciences Center, University of MD, 2016-present
International Research Collaboration Award, University of Sydney, Australia, 2013.
Chair, Department of Communication Sciences and Disorders, 2010-2012
ASHA fellow, 2006
Professor, Department of Communication Sciences and Disorders; Principal Investigator, Waisman Center, 2005-Present (affiliated appointment, Department of Psychology)
Professor, Department of Speech and Hearing Science, Ohio State University, July, 2002 – 2005.
(Courtesy Appointment, Department of Linguistics, Ohio State University; Member of Cognitive Science Center, Ohio State University)
Visiting Professor, Department of Psychology, Aristotle University, Thessaloniki, Greece, 2002-2003.
Associate Professor, Department of Speech and Hearing Science, Ohio State University, 1993-2002.
Associate Professor, Department of Communication Disorders, Hunter College, 1992-1993.
Graduate Faculty, Speech and Hearing Sciences Program, Graduate Center, CUNY, 1991-1993.
Assistant Professor, Department of Communication Disorders, Hunter College, 1985-1991.
Speech Pathologist, International Center for the Disabled, 1983-1985.
Research Assistant, Haskins Laboratories, 1982-1985.
Research Assistant, Graduate Center, CUNY, 1981-1982.

RESEARCH ACTIVITY

Extramural grants and awards

Submitted:

Edwards, J., Principal Investigator & Taboada Barber, A., Haring, J., Silverman, R., Co-PIs. IES Goal 3. (Aug. 1, 2017-July 31, 2021). “A randomized control trial of Toggle Talk.” (\$3,296,094 in total costs).

Active:

Ellis Weismer, S., Edwards, J., & Saffran, J. Multiple PI R01 grant, NIH/NIDCD (January 1, 2014 – Dec. 31, 2019). Characterizing lexical processing in toddlers with autism spectrum disorders. (\$553,000/year in total costs).

Edwards, J., Beckman, M. E., & Munson, B. Multiple PI R01 grant, NIH/NIDCD (April 1, 2011 - March 31, 2017). Longitudinal study of vocabulary growth and phonological development (\$623,000/year in total costs).

Completed:

Edwards, J., PI, NIH/NIDCD (Sept. 1, 2012 - May 31, 2014). Diversity supplement on Longitudinal study of vocabulary growth and phonological development (\$36,000/year in direct costs).

Edwards, J., PI. DHB/Collaborative Research: (Jan. 15, 2008 – Dec. 31, 2011). Using machine learning to model the interplay of production dynamics and perception dynamics in phonological acquisition. National Science Foundation – Human Social Dynamics (\$303,500 total award for three years).

Edwards, J., PI, NIH/ARRA Bridge Funds (Aug 1, 2010 - March 31, 2011). Longitudinal study of vocabulary growth and phonological development (\$100,000 direct costs)

Edwards, J., PI NIH/ARRA Summer Supplement to Cross-linguistic investigation of phonological development (June 1, 2009 – Aug. 31, 2011, summer months only)

Edwards, J., PI. Sept. 1, 2003 – July 30, 2010. “Cross-linguistic investigation of phonological development.” National Institutes of Health. (\$227,500 direct costs per year for five years).

Edwards, J., PI. Jan. 15, 1998 - Jan. 14, 2001. "Assessing phonetic skills in misarticulating children." National Institutes of Health. (\$546,090 for three-year grant).

Edwards, J., co-PI. September 1990 - August 1993. "Speech encoding and specific language impairment." National Institutes of Health. (\$227,133 for three-year grant.).

Edwards, J., PI. June 1987. "The organization of informational structure in articulator movement and acoustic duration patterns." National Science Foundation (\$87,735 for two-year grant).

Edwards, J., PI. December 1986. American Speech-Language-Hearing Foundation Research Award for New Investigators.

Grant participation

Active

Seltzer, M. Principal Investigator. "Postdoctoral Training in Mental Retardation Research." National Institutes of Health (NIH) Training Grant, T32 HD07489, 2005 - present, Mentoring Faculty.

Ellis Weismer, S. Principal Investigator. “Symposium on Research in Child Language Disorders.” National Institutes of Health (NIH), National Institute on Deafness & Other Communicative Disorders (NIDCD)/National Institute of Child Health and Human Development (NICHD), 2R13DC00167-19, 2010-2015. Advisory Committee Member.

MacDonald, M. Principal Investigator. “Training in Language: Integrating Acquisition and Adult Performance.” National Institutes of Health (NIH) Training Grant, T32HD04899, 2005-2010, 2010-present, Mentoring Faculty.

Seltzer, M. Principal Investigator. "Waisman Center - Core Support." National Institute of Child Health and Development (NICHD), Grant 2 P30 HD03352, 2005 - present. Core grant investigator.

Completed

Ellis Weismer, S. Principal Investigator, Weismer, G. Co-PI. "Interdisciplinary Research Training in Speech-Language Disorders. National Institutes of Health (NIH) Training Grant, T32 DC05359-06, 2008-2013. Mentoring Faculty.

Storkel, H. Principal Investigator (University of Kansas). "The mental lexicon in language acquisition." National Institutes of Health (NIH) Mentored Clinical Scientist Development Award, 2001-2003. Mentor lab, consultant.

Intramural grants

Completed:

Ellis Weismer, S., Edwards, J., & Saffran, J. Co-PIs. Characterizing lexical processing in toddlers with autism spectrum disorders. UW Graduate School Research Committee Award, July, 2012-June, 2013 (\$37,161).

Edwards, J., co-PI (Sept. 1, 2007 - Aug. 31, 2010). "Toward a neuroscience of education: Plasticity, experience, and Educational achievement." Wisconsin Institutes for Discovery. (\$400,000 for three years).

Edwards, J., PI. March 1997. "Speech perception, phonological awareness, and reading proficiency in low-income inner-city African American children." Ohio State University Committee on Urban Affairs (\$19,998).

Edwards, J., PI. December 1993. "Examination of cognitive processes involved in naming." OSURF seed grant (\$7,737).

Edwards, J., PI. June 1993. "Lexical processing: Searching for an explanation of development differences in speed." PSC-CUNY Research Foundation (\$3,975).

Edwards, J., PI. June 1990. "Compensation for fixed jaw positions during the production of point and non-point vowels in adults and children." PSC-CUNY Research Foundation \$5,990).

Edwards, J., PI. June 1989. "Lexical decision and specific language impairment." PSC-CUNY Research Foundation (\$1,700).

Edwards, J., PI. June 1988. "Phonological representations of normal and language-impaired children." PSC-CUNY Research Foundation (\$5,908).

Edwards, J., PI. June 1987. "Speech motor abilities and underlying representations of normal and phonologically disordered children." PSC-Cuny Research Foundation (\$7,273).

Chapters in Books:

Edwards, J. & Munson, B. (in press, 2017). Perception and production. In R. Schwartz (Ed.) *Handbook of Child Language Disorders, second edition*. Cambridge: Cambridge University Press.

Edwards, J., Beckman, M., & Munson, B. (2015). Cross-language differences in acquisition. In L. A. Redford (Ed.) *Handbook of Speech Production*. Oxford: Wiley-Blackwell Publishers, pp. 530-554.

Edwards, J., & Munson, B. (2012). Transcribing the speech of multilingual children with speech sound disorder. In S. MacLeod and B. Goldstein (Eds.), *Multilingual Aspects of Speech Sound Disorders in Children*. Bristol, UK: Multilingual Matters, pp. 170-181.

Munson, B., Beckman, M., & Edwards, J. (2012). Abstraction and specificity in early lexical representations: Climbing the ladder of abstraction. In A. C. Cohn, C. Fougeron & M. Huffman (Eds.) *The Oxford Handbook of Laboratory Phonology*. Oxford: Oxford University Press, pp. 288-309.

Edwards, J. & Munson, B. (2008). Perception and production. In R. Schwartz (Ed.) *Handbook of Child Language Disorders*. Cambridge: Cambridge University Press, pp. 216-231.

Beckman, M. E., Munson, B., and Edwards, J. (2007). Vocabulary growth and the developmental expansion of types of phonological knowledge. *Papers in laboratory phonology IX: Change in phonology* (J. I. Hualde & J. Cole, eds.). Berlin: Mouton de Gruyter, pp. 241-264.

Edwards, J. (2000). Lexical representations in acquisition: Comments on the papers of Werker & Stager, Scobbie et al., Macken, and Archibald *Papers in laboratory phonology V: Language acquisition and the lexicon* (D. Broe & J. Pierrehumbert, eds). Cambridge University Press, 240-249. (peer-reviewed).

Beckman, M.E. and Edwards, J. (2000). Lexical frequency effects on young children's imitative productions. *Papers in laboratory phonology V: Language acquisition and the lexicon* (D. Broe & J. Pierrehumbert, eds). Cambridge University Press, 208-281. (peer-reviewed).

Beckman, M.E. and Edwards, J. (1994). Articulatory evidence for differentiating stress categories. To appear in *Papers in laboratory phonology III* (P. Keating, ed.), Cambridge University Press, 7-33. (peer-reviewed).

Beckman, M.E., Edwards, J., and Fletcher, J. (1992). Prosodic structure and tempo in a sonority model of articulatory dynamics. In *Papers in laboratory phonology II: Gesture, segment, prosody* (G. Docherty and R. Ladd, eds.), Cambridge University Press, 68-86. (peer-reviewed).

Beckman, M.E. and Edwards, J. (1991). Intonational categories and the articulatory control of duration. In *Speech perception, production and linguistic structure* (Y. Tohkura, E. Vatikiotis-Bateson, & Y. Sagisaka, eds.), OHM Publishing Co., Ltd., Tokyo, 359-375.

Beckman, M.E. and Edwards, J. (1989). Lengthenings and shortenings and the nature of prosodic constituency. In *Papers in laboratory phonology I: Between the grammar and the physics of speech* (J. Kingston and M.E. Beckman, eds.), Cambridge University Press, 152-178. (peer-reviewed).

Edwards, J. (2007). Methodological questions in studying phonological acquisition. Invited talk presented at the Phonetics and Phonology in Iberia conference, Braga, Portugal, June 25-26.

Edwards, J. & Beckman, M. E. (2006). Language-universal and language-specific aspects of phonological acquisition. Poster presented at the American Speech Language Hearing Association Conference, Miami, FL, Nov. 18-20

Li, F. & Edwards, J. (2006). Contrast and covert contrast in the acquisition of /s/ and /ʃ/ in English and Japanese. Poster presented at the tenth conference on laboratory phonology, Paris, France, June 27-30.

Edwards, J. & Beckman, M.E. (2006). Why are low-frequency sequences more difficult: A cross-linguistic study. Poster presented at the 28th Symposium on Research in Child Language (SRCLD), Madison, WI, June 1-3.

TEACHING EXPERIENCE

Courses taught (last ten years):

Experimental Phonetics (doctoral seminar)
Language Acquisition (undergraduate and graduate)
Language-Learning Disorders: Assessment (graduate)
Language-Learning Disorders: Remediation (graduate)
Phonetics and Phonological Development (undergraduate)
Pediatrics Capstone (graduate)
Phonological Development and Disorders (graduate)
Phonological Development (doctoral seminar)
Proseminar (doctoral seminar)
Theory to Practice (doctoral seminar)

Individual student mentoring at University of WI-Madison

Undergraduate

2008, Alison Greul, “Phonological awareness of children with hearing impairment: Evidence from looking while listening” (undergraduate honors thesis, Hilldale Award [\$4000], co-advisor with Jenny Saffran).

2010, Amy Andrewzewski, “Influence of listener bias on children’s /k/ and /t/ perception” (undergraduate honors thesis, Hilldale Award [\$4000]).

2011, Carly Lyn Faulhaber, “Speech perception in musicians and non-musicians” (undergraduate honors thesis, Hilldale Award [\$4000]).

2011, Ekaterina Derdermezis, “Gestural drift in Greek-English bilingual speakers’ stop consonant productions” (undergraduate thesis).

2012, Nicole Breunig, “Does production of final consonant clusters by African American English-speaking children predict their comprehension of Standard American English?” (undergraduate honors thesis).

2012, Elizabeth Machurick, “Differences in rime duration between words with target final consonants and words with target final clusters in productions of children who speak AAE” (undergraduate thesis).

2013, Sara Bernstein, S. “How do adults perceive the speech of children with cochlear implants?” (undergraduate honor’s thesis, Ann Todd, co-advisor).

2013, Allison Johnson. “Effects of phonemic variability and language dominance on Canadian French-English bilinguals’ perception of French vowels in various phonological contexts” (undergraduate honor’s thesis, Franzo Law, co-advisor).

2014: Kelly Jorgensen. “Influence of listener and speaker dialect on the effect of phonotactic probability on wordlikeness judgments.” (undergraduate honors thesis, Hilldale Award [\$3000]).

2014: Jacob Fleming, Faculty advisor for an International Learning Community Research Grant

2014: Bianca Schroeder. “The relationship between lexical-phonetic development and socio-phonetic development.” (undergraduate honors thesis, Hilldale Award [\$3000]).

2015: Danielle Revai. “Production and perception of stop contrasts in children with normal hearing and with cochlear implants.” (undergraduate honors thesis, Hilldale Award [\$3000]) (in process).

2015: Jacob Fleming. “Automatic voice onset time measurement of children’s speech.” (undergraduate honors thesis, Hilldale Award [\$3000]) (in process).

2015: Olan Munson. “Relationships among quality and quantity of maternal input and vocabulary size in 3-year-olds.” (undergraduate honors thesis) (in process).

Masters

2009, Ann Todd, “Production of sibilant fricatives children with cochlear implants: Transcription and acoustic analysis ” (MS thesis).

2009, Emilie Sweet, “Nonword repetition accuracy of children with cochlear implants (MS thesis).

2011, Ryan Sovinski, “Perceptual validation of a robustness of contrast in articulation measure” (MS thesis).

2012, Brittany Manning, “TALK (Talk and learn for kindergarten): Enhancing dialect knowledge and pre-literacy skills in preschool children (MS thesis).

2013, Alissa Schneeberg, “The relationship between online lexical processing and expressive vocabulary size in a diverse group of young children: An eye-tracking study.” (MS thesis).

2014, Ruby Braxton. “The relationship among dialect density, vocabulary size, and lexical processing efficiency in preschool-aged children.” (MS thesis).

2015: Kayla Kristensen. “Relating decreased acoustic contrast to intelligibility: Perceptual consequences for children with cochlear implants.” (MS thesis).

2015: Megan Flood. “Quality versus quantity: An investigation of the impact of home language and maternal education level on young children’s vocabulary size.” (MS thesis).

2015, Michelle Erskine. “Predictors of phonological awareness in 4-year-olds: Role of speech perception, expressive vocabulary, and nonword repetition accuracy.” (MS thesis) (in process).

2015. Allison Johnson. “Individual differences in the acquisition of a robust voicing contrast.” (MS thesis) (in process).

2016. Rebecca Hatch. “Vocalic influences on sibilant fricative production in young children with cochlear implants” (MS thesis) (in process).

2016. Mia Kim. “Perceptual robustness of contrast for /r/-/w/ in young children.” (MS thesis) (in process).

2016. Elizabeth Eitel. “Quality and quantity of home language input to 2-year-olds as prospective predictors of vocabulary size of 3-year-olds.” MS thesis) (in process).

Current PhD students

Advisor: Ellen Breen (MS/PhD), Michelle Erskine (MS/PhD), Allison Johnson (MS/PhD), Tristan Mahr (PhD),

Committee member: Milijana Buac, Megan Gross, Brianna McMillan.

Current Post-Doctoral students

2015-present. Patrick Reidy (Department of Linguistics, Ohio State University).

Completed Post-Doctoral students (UW-Madison only)

Tim Arbisi-Kelm, post-doc from 2006-2009, currently research associate at University of Iowa.

Eunjong Kong, post-doc from 2009-2011, currently assistant professor in the English department of the Korean Aerospace University.

Franzo Law II, post-doc from 2011-2015.

Matth Winn, post-doc from 2012-2014 (co-advised with Ruth Litovsky), current assistant professor the Speech-Language-Hearing Sciences department at the University of Washington.

Completed PhD students (UW-Madison only)

Advisor: Asimina Syrika (2009, “Acquisition of clusters in Greek: Evidence from transcription, perception, and acoustics”), currently speech-language pathologist, Minneapolis, MN.

Advisor: Hyunju Chung (2010, “Evidence of fine phonetic detail in children’s and adults’ vowels: Cross-linguistic production and perception studies”), currently in a post-doctoral position at the University of Alberta, Edmonton.

Committee member: David Race (2006), Katherine Graf-Estes (2007), James Keidel (2007), Sarah Sahni (2008), Beth Roos Eernisse (2009), Christina Kuo (2011), Courtney Karasinski (2011), Megan Brown (2012), Christi Hess (2013), Courtney Venker (2013), Sara Misurelli (2014), Jeewon Yoo (2014), Collette Fischer (2015), Eileen Haebig (2015).

Student awards at UW-Madison

Alison Greuel, Undergraduate Hilldale award, 2008.

Amy Andrewzewski, Undergraduate Hilldale award, 2010.

Carly Falhauber, Undergraduate Hilldale award, 2011.

Ryan Sovinski, ASHA SPARC award, 2011.

Tristan Mahr, ASHA SPARC award, 2012.

Kelly Jorgensen, Undergraduate Hilldale award, 2013.

Michelle Erskine, ASHA SPARC award, 2013.

Tristan Mahr, BUCLD travel award, 2014.

Tristan Mahr, Emma Allen award, 2014.

Bianca Schroeder, Undergraduate Hilldale award, 2014.

Danielle Revai, Undergraduate Hilldale award, 2015.

Jacob Fleming, Undergraduate Hilldale award, 2015.

OTHER PROFESSIONAL ACTIVITY:

Professional Memberships and Service (last ten years)

1. Member of ASHA 2015 Communication Sciences Topic Committee
2. Member of International Expert Panel on Multilingual Children's Speech, 2012-present
3. Member of ASHA 2014 Speech Sound Disorders Topic Committee
4. Member of ASHA 2013 Infant/Toddler/Preschool Language Topic Committee
5. Edited special issue of ASHA *Special Interest Division 1 Newsletter* (2012) on current approaches to assessment and remediation of speech sound disorders.
6. Standing member of NIH study section (LCOMM): 2007-2011.
7. Associate Editor for Language, *Journal of Speech, Language, and Hearing Research*, 2001- 2003.
8. Member (ad-hoc) of NIH study sections, NIDCD, 1997, 1998, 2000, 2001, 2002, 2003, 2004, 2006, 2012, 2013, 2014, 2015.
9. Ad-hoc grant reviewer for NSF
10. Editorial consultant for Language, *Journal of Speech and Hearing Research*.
11. Reviewer of manuscripts for *Language, Journal of Memory and Language, Journal of Speech and Hearing Research, Language, Speech, and Hearing Services in Schools, American Journal of Speech-Language Pathology, Journal of the Acoustical Society of America, Journal of Phonetics, Phonetica, Language and Speech*, and the *Journal of the International Phonetic Association*.
12. Advisory Board, Bamford-Lahey Children’s Foundation (2002-2008)

University Service (at University of Wisconsin-Madison)

Department:

Department Chair, 2010-2012

1. Negotiated with Dean to reduce buyout rate from 25% to 20% (2010).
2. Submitted MIU proposal (not funded), 2010.
3. Negotiated three retention offers, 2010-2011, two retention offers, 2011-2012, one equity offer, 2010-2011.
4. Developed new department website, 2011.
5. Coordinated CAA 8-year re-accreditation, 2011-2012.
6. Developed post-baccalaureate Capstone Certificate (Educational Innovation), 2012.
7. Negotiated course load reduction for faculty, 2012.
8. Coordinated department name change (from Communicative Disorders to Communication Sciences and Disorders).

Other department service

1. Finance committee chair, 2014-present.
2. Undergraduate honors coordinator, 2013-2014
3. Applied and received flexible recruiting funds (approximately \$3000, 2006; \$7000, 2007; \$9000, 2008; \$27,000, 2009) from Graduate School, 2006 - 2012.
4. Chair, PhD recruiting weekend, 2006-2009
5. Co-chair of SLP admissions committee, 2005-2008.
6. Member of Academic degree program committee, 2005-2008.
7. Developed (with Dr. Connor) and received funding for undergraduate honors program, 2007.
8. Member of training grant committee, 2006-2007.
9. Chair, child language search committee, 2006.
10. Developed guidelines for MS-PhD program, 2005-2006.

Waisman Center:

1. 2006-2007: Coordinated the proposal to obtain funding (received through Waisman Human Participation Core) and the purchasing of a Tobii eye-tracker. Coordinated eye-tracker training in 2007.
2. 2009-2010: Member, ad-hoc computing core advisory committee.

University:

1. Language Sciences Program executive committee, 2014-present.
2. L&S Academic Planning Council, 2013-present.
3. Cognitive Science steering committee, 2005-present.
4. Social and Behavioral Sciences IRB, 2008-2011, 2013-2014.
5. Preceptor on Psychology training grant (T32)
6. Preceptor on Waisman Center training grant (T32)
7. Future of Linguistics Committee, 2009-2010
8. Cognitive Science steering committee, 2005-present
9. Cognitive Cluster Search Committee, 2008-2009
10. Future of Linguistics Committee, 2009-2010
